

AL-Baraka Engineering Industries (BEI).

Company Profile

Who We Are

We, Al-Baraka Engineering Industries (BEI), are a start-up with ambitious goals in the fields of steel structure fabrication, bridge beams construction works, and civil contracting, We have already completed some projects in these areas, which has fueled our passion to continue pursuing our objectives until we achieve them.

Our Goals

MARKET SHARE

Increase market share in our field within the next few years.

CUSTOMERS

Engage with valuable clients to foster joint ventures and mutual growth.

EXPANDING

Expand into turnkey steel structure solutions, offering design, fabrication, and erection.

EXPERIENCE

Develop expertise in modular bridge systems for rapid deployment in remote areas.

QUALITY CONTROL

Obtain international certifications (e.g., ISO 9001, ISO 45001, ISO 3834 for welding quality).

OUR GOALS

Scope of Works

- Steel Structure Fabrication.
- Bridge Beams Construction.
- Civil Contracting.
- Heavy Steel Erection & Installation.
- Industrial Sheds & Warehouses.
- Pipe Racks and Support Structures.
- Steel Formwork Systems.
- Customized Metal Fabrication (e.g., tanks, silos).

Sectors of Works

FABRICATION

- Fabrication of ladders and handrails.
- Fabrication of ducts and heavy ducts.
- Fabrication of panels.
- Fabrication of a circular plate form.
- Fabrication of the main and jack truss and secondary columns.

INSTALLATION

- Installation of warehouse steel structure.
- Installation of steel structure columns.
- Installation of floor reinforcements.

ERECTION

- Beams, diagonal braces, secondary beams, and structural parts.
- Floor panels, stairs, and other secondary accessories.

Clients We've Worked With

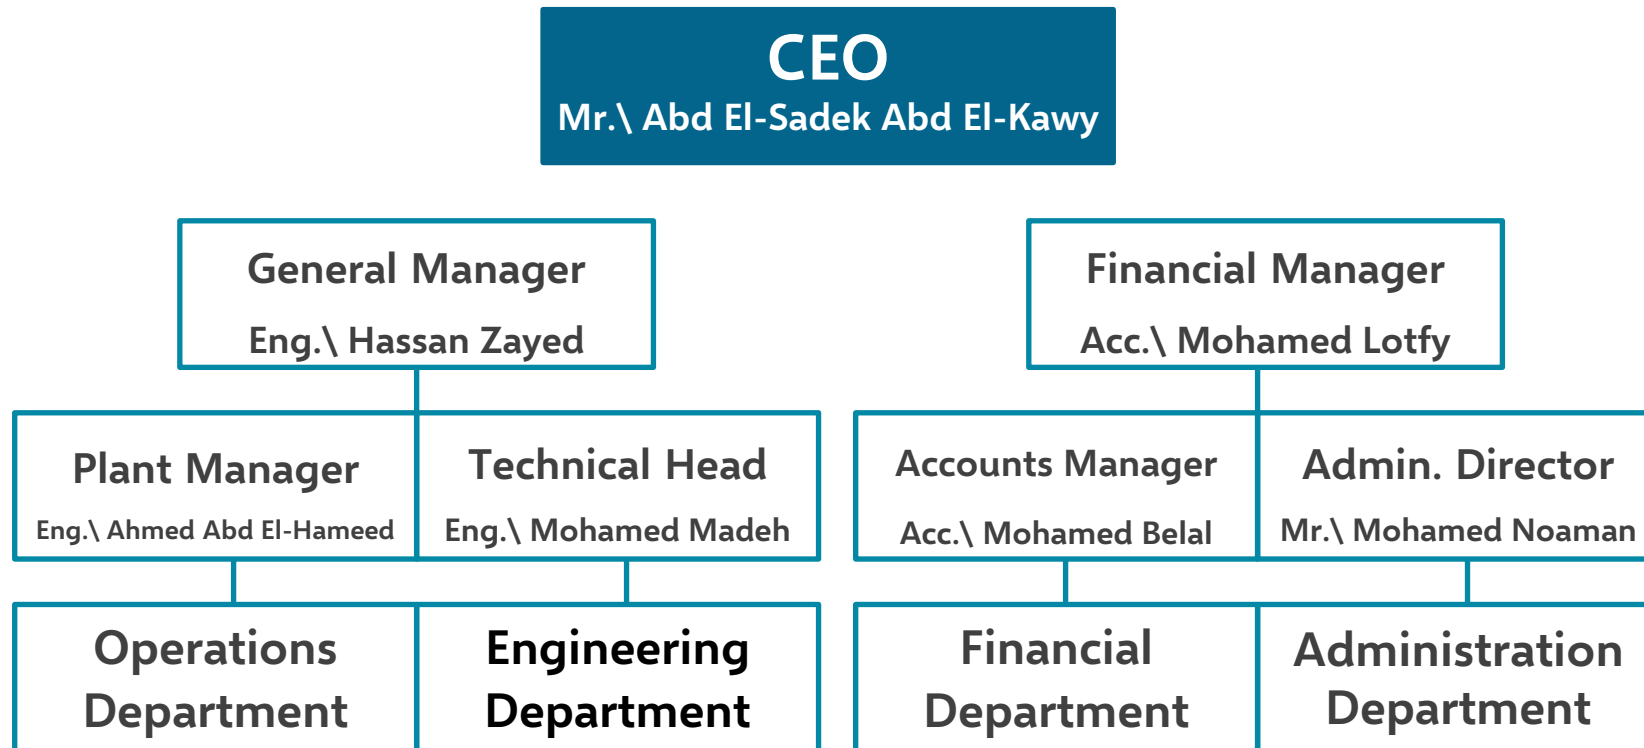

- Hassan Allam Construction - Steel Fabrication Division (HAS).
- Project Services Company (PSC).
- International Company for Constructions & Special Maintenance (INTERMAINT).
- Ferrometalco Steel Construction.
- Famsun Egypt Industry for Contract.
- Al-Nasr Services Company.
- Saudi Pharmaceuticals Company .

Management Structure

New Cairo Bridge Construction Project

Total weight in tons: 350 TON.

Assigning Authority: HAS.

Job Description: Construction of a steel bridge girder with a length exceeding 12 meters.

North Luxor Axis Project

Total weight in tons: 450 TON.

Assigning Authority: HAS.

Job Description: Construction of a steel bridge girder with a length exceeding 12 meters.

Black Sand Factory Project

Total weight in tons: 350 TON.

Assigning Authority: HAS.

Job Description: Construction of a metal structure for the crushing unit

Construction Project of Al-Bisha Cement Factory. Kingdom of Saudi Arabia.

Total weight in tons: 45 TON.

Assigning Authority: Intermaint Manufacturing Company.

Job Description: Construction of the cooling unit for the cement factory.

Manufacturing and Installation Project of the Feed Factory. Matrouh City.

Total weight in tons: 250 TON.

**Assigning Authority: Famsun Egypt Industry
for Contract.**

**Job Description: Construction and
installation of silos for storing feed.**

JUTON PAINTS FACTORY PROJECT

Total weight in tons: 250 TON.

Assigning Authority: HAS.

Job Description: Construction of metal structures for the paint mixing unit.

Manufacturing and installation project of Ezz El-Dekheila Iron And Steel.

Total weight in tons: 175 TON.

**Assigning Authority: Intermaint
Manufacturing Company.**

**Job Description: Manufacturing and
installation of lime factory hopper.**

Mostakbal Misr Project.

Total weight in tons: 126 TON.

Assigning Authority: HAS.

Job Description: Construction of pipelines with a length of 50 meters and a diameter of 113 inches.

Bashtil Train Station Project.

Total weight in tons: 130 TON.

Assigning Authority: HAS.

Job Description: Construction of a 100-meter-long steel structure for the station .

Desalination plant Of Sharq El-tafriaa – Port said.

Total weight in tons: 160 TON.

Assigning Authority: AL-Baraka Engineering Industries (BEI).

Job Description: Manufacturing and installation structure for the main tank and chemical building handrails.

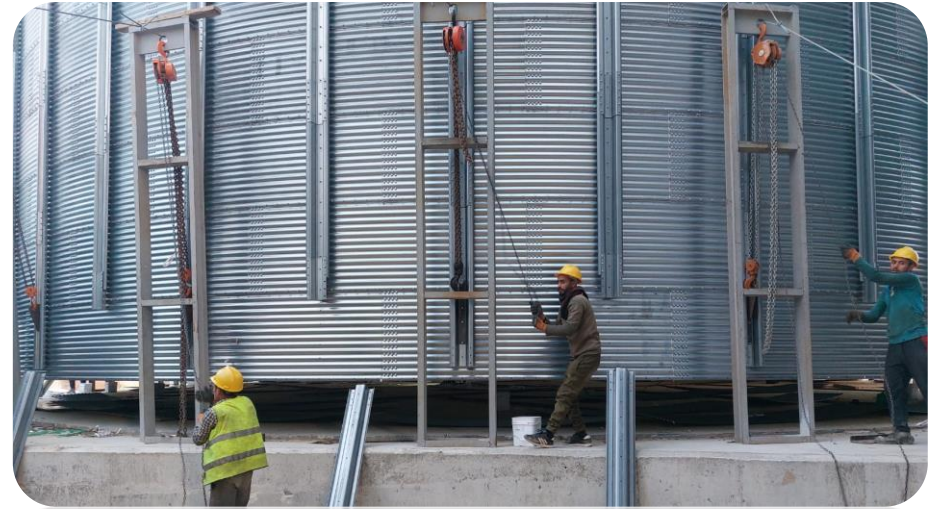

Installation project of mostakbal misr for grain storage silos.

Total weight in tons: 400 TON.

Assigning Authority: Famsun Integrated Solution Provider.

Job Description: Installation of silos for storing grains.

Manufacturing and installation project of the feed factory in Matrouh City.

Total weight in tons: 250 TON.

Assigning Authority: Famsun Integrated Solution Provider.

Job Description: Construction and installation of silos for storing feed.

Manufacturing and installation project of Elsharqia Feed Factory in Hihya City.

Total weight in tons: 300 TON.

**Assigning Authority: El-Sharqia Feed
Factory for Industry.**

**Job Description: Construction and
installation of packaging and storage lines.**

Manufacturing and installation project of metal structures for the Saudi Pharmaceutical Company in El Ain El Sokhna.

Total weight in tons: 220 TON.

**Assigning Authority: Saudi
Pharmaceuticals Company .**

**Job Description: Construction and
installation of metal structures .**

Construction of Al-Firdous Bridge Project.

Total weight in tons: 500 TON.

Assigning Authority: HAS.
